THE INSTRUMENT OF THE IMMORTALS

Since Henry Steinway made his first instrument all piano manufacture has been measured by the standard of Steinway. Each subsequent generation of the Steinway family has brought his principles of piano construction nearer to perfection. The Steinway tone is the constant joy of Paderewski, of Hofmann and Rachmaninoff. It inspires Friedman, Lezitzki and Cortot. The Steinway, whether it is a concert grand or a smaller grand or upright for your home, is always the matchless product of Steinway genius.

Any new Steinway piano may be purchased with a cash deposit of Ten per cent., with the balance extended over a period of two years. Used pianos accepted in partial exchange.
